Everything Within Reach

To whom it may concern:

For roofing requirements, please be aware of the following:

- Drip edge is required around the entire perimeter of the house.
- Valley protection is not required per the building code. If prior damage is discovered, installing protection is at the contractor's discretion.

Additionally, attached is your approved registration form. Please carry a copy at all your jobsites at all times to prove compliance.

Sincerely,

A handwritten signature in black ink that reads "Keith Frey". The signature is written in a cursive, slightly slanted style.
